

Welton Village Memorial Hall [Charity 1180894] ["The Memorial Hall"]

Information for all Users

SUMMARY

Below are the key points that you need to know to get started and an index of the facilities covered in this note. PLEASE MAKE SURE THAT YOU CHECK ON ALL THE FACILITIES THAT YOU WILL BE USING.

1. [BASIC](#). Opening and Closing; Safety, Telephones, Parking, Consideration for our neighbours
2. [HALL PLAN](#). Shows layout of Emergency exits, fire extinguishers, First Aid Kit and light switches
3. [GENERAL](#). Equipment, Faults, damage & Feedback, Decorations, Tidying-up
4. [GENERAL EQUIPMENT](#). Tables, Chairs
5. [HEATING & LIGHTING](#).
6. [AUDIOVISUAL EQUIPMENT](#). Amplifier, Epson Projector, Sony Blu-ray disc player, Carlsbro Amp, speakers and microphone, Projection Screen.
7. [KITCHEN EQUIPMENT](#). Hot Water, Tea/Coffee making, Refrigerators, Glass Washer, Ovens, Table Cloths, Cleaning materials, Shutter.

The Hall will usually be open at the time you are booked in [unless otherwise notified].

Please make sure that you have ordered any furniture etc, that you have sufficient time to set up before and clear up after your event, and that you have booked the kitchen if needed at least a week before your event

Please leave the Hall and its facilities in a clean condition, removing all your rubbish. Cutlery and crockery should all be washed and left clean. Cloths etc may be taken home to clean but should be returned within one week.

Wifi is available – the code is **weltonhall1**

The Hall is a separate venue from the Welton Memorial Club and the Lucky Duck café. Booking the hall does not permit access to either venue.

HALL PLAN

Welton Memorial Hall, Cowgate, Welton

Welton Village Memorial Hall [Charity 1180894] [“The Memorial Hall”] Information for all Users

BASICS

Opening and closing the village hall

The Memorial Hall will usually be open for your booking unless prior arrangements have been made. If your event ends after 22:00 please ensure that the side and rear doors are locked and leave by the front entrance slipping the catch on the door.

You may prefer your group to arrive at the side door in the car park at the rear which has step-free access and toilets including a disabled toilet/baby-changing room.

Please ensure that any outside caterers, contractors and bar staff are aware of the hire period and that they will not be able to enter before or leave after the hire period. There is a 15 minute buffer allowed between each hiring. Please ensure that you allow time when booking for any clearing up and do not encroach on this period.

Please telephone the Caretaker on 07452 822214 in case of difficulty.

Guests are expected to vacate the premises by the end of the period you have booked. Failure to comply with this may result in forfeiture of your deposit.

Please ensure that you have booked any equipment [chairs, tables, projector, PA] **before** your event.

Safety

You must comply with the [Hall Health & Safety Information for Hirers](#) and all social distancing rules required or recommended at the time of your event. See the Plan below for location of Fire Equipment etc

The village hall has a No Smoking Policy.

In the event of a fire, the village hall should be evacuated in an orderly manner using the appropriate exits, and the Fire Brigade called by dialing 999.

The exact location of the nearest telephone, fire exits and fire extinguishers must be noted before the village hall is occupied and the manner of opening Fire Doors should be made known to your guests. (A sketch plan showing these is shown on the following page).

Please use the trolleys provided for moving chairs and tables in order to avoid injury. Please stack chairs and tables in the storeroom in the manner shown on the notice.

The village hall's health and safety file is kept in the cupboard by the front door

A first aid box is located in the kitchen

Resuscitation equipment is attached to the wall of the Green Dragon pub

Hall telephone

The Memorial Hall I has no telephone and the nearest one is located at is at the bottom of Dale Road [turn left out of the front entrance for about 200 metres. Telephones may also be available at the Welton Memorial Club [adjacent to the Hall] or the Green Dragon pub [turn right out of the front entrance]. You are advised to bring a fully charge mobile telephone for use in case of emergency.

Consideration for others

Please ask your guests to leave quietly at the close of your event. Car doors banging and loud talk in the car park are disturbing to local residents.

Car parking

The lane leading to the village hall is a public road and this must not be obstructed. The village hall car park is shared with the Club but will accommodate a good number of cars if they are parked sensibly.

Welton Village Memorial Hall [Charity 1180894] [“The Memorial Hall”] Information for all Users

GENERAL

Equipment

Generally speaking equipment you need should be available for you **if** you have booked it. If in doubt please check your booking and contact us at booking.weltonmemorialhall@gmail.com to make any changes. See sections below for more details as to what is available.

Faults/ damage/ comments

Please report any faults or damage to the Caretaker as soon as possible so that they can be rectified quickly. The management committee welcome comments or observations that you may have about your hire of the village hall.

Decorations etc

Please do not use drawing pins, blu-tack or sellotape on the walls or other surfaces, use white-tack if you need to put up notices or decorations. Do not fix decorations near light fittings or heaters.

Tidying Up

- Please leave the village hall clean and tidy and leave waste appropriately sorted in the bins outside or take it home. The Hall share bins with the Club and these are in the far corner of the Car park.
- In particular we ask you to ensure table tops are wiped clean before being stacked.
- DO NOT generally use water on the Hall floor as this can cause problems with the floor and can make it very slippery. Instead wipe the area carefully and ensure that it has dried off before letting anyone use that area.
- A broom should be available hanging up in the side entrance lobby

Welton Village Memorial Hall [Charity 1180894] ["The Memorial Hall"] Information for all Users

GENERAL EQUIPMENT

Tables

We have 14 large Gopak tables [1.52m x 0.69m] and 4 small Gopak tables [0.91m x 0.69m] available, both 0.7m high. These are usually stored away so please book at least a week before your event. There are one or two other tables available if you have specific needs.

Chairs

We have 80 chairs with red cushions and gold frames. We also have a number of foldable chairs which can be used if you need more. These are usually stored away so do need to be booked at least a week before your event.

Audio Visual

Details of what is available are set out below. You do need to specifically book the Projector in advance so that we can make sure the remote controls are available and it will be best to let s know about any other equipment that you would like to use.

Kitchen

Details of what equipment is available are set out below. We do have some heavier damask tablecloths available [which are kept in storage so you will need to request these at least 5 days in advance] as well as a range of other lighter tablecloths that are kept in the kitchen. **All we ask is that you wash and iron any tablecloths, tea towels etc that you use and return them within 5 days.**

HEATING & LIGHTING

Heating

The Memorial Hall has a modern system designed to maintain an acceptable temperature. Please tell us when booking if you need the Village Hall to be particularly warm or cold. The Main Hall heating is operated by a Control panel just inside the Meeting Room behind the stage. You can set the required temperature using the LED panel and the arrow buttons. Below the panel is a switch and control for the fans in the Main Hall ceiling – turning the fans on will considerably speed up the time it takes to get to the right temperature. The heating controls also can be set to cool the Hall but otherwise please do not change any settings.

PLEASE TURN OFF THE HEATING WHEN YOUR EVENT IS FINISHED

HEATING DISPLAY

TEMPERATURE CONTROL

HEATING CONTROL [On/Off]

FAN CONTROL - Speed

FAN CONTROL - On/Off

There are similar separate control units for the Carpark Entrance Lobby and Kitchen [but without any separate fans] and the Meeting Room is heated with a separate wall-mounted heater.

Lighting

There are two sets of LED strip lights in the Main Hall, the switches for which are by the Kitchen door, just outside the double doors from the Main Hall leading to the front entrance. One set is a simple on/off switch, the other also operates as a dimmer so that you can set the lighting level that suits you.

We also have a string of softer outside light bulbs suspended from the ceiling which creates a more intimate party ambience. These are turned on by one of the switches on the bank on the wall on the right hand side of the stage above the audio-visual equipment. You will also find the stage lights here.

Welton Village Memorial Hall [Charity 1180894] ["The Memorial Hall"] Information for all Users

AUDIOVISUAL EQUIPMENT

The Hall has the following equipment which is mostly found at the right hand side of the stage as you look at it:

- A **Yamaha amplifier** which is used with the Cinema projector and can be used to play music from a laptop, mobile phone etc
- An **Epson Projector** which is used to play from the Blu-ray player and can be used to show slide shows, powerpoints, etc from a laptop, for example.
- A **Sony Blu-ray** disc player
- A **Carlsbro Amp and speakers** which can be used for vocal microphones keyboards [at low volume] and electro acoustic guitars. ***Please do not use electric bass, drum machines or electric guitars as they may damage the speakers***
- A **Projection Screen** using an electric motor

YAMAHA Amplifier

Switch on at mains on the stage. I don't use the remote for this except maybe to adjust volumes when films are playing.

There are two HDMI ports available and HDMI 2 is connected to the Blu-ray player

The

When switched on the display should read UBP X200:2 [hdmi 2 in red]

If the display reads different press INPUT buttons < > until it reads as above.

The sound is set at 7 channel stereo.

This can be changed using the PROGRAM buttons < > but we have found this setting to be universal for film and music.

The Blu-ray and projector will play through this setting.

To play music through the Yamaha connect the short mini jack lead plugged into the aux input on the Yamaha to the headphone socket of phone or laptop.

Press INPUT buttons < > until AUX is displayed.

Adjust VOLUME accordingly it may be low at first. If the volume is very low, check volume settings on the source device being used. Remember to turn volume back down on the Yamaha when the AUX input is not being used.

SONY BLURAY

Switch on - green light will display

Press eject button on the player to load the disc press again to load.

Use the remote and press enter button when "Play Movie" is displayed and underlined or highlighted on the screen. The disc should now play.

To pause press !! button

To play again press play >

Remember to point the remote at the player not the screen.

EPSON PROJECTOR

The Projector is suspended from the ceiling. Th Epson remote works to switch on standing directly underneath but is reluctant to switch off. It will close down eventually because it is not receiving a signal.

CARLSBORO AMP

The amp can be used for vocal microphones keyboards [at low volume]and electro acoustic guitars.

If electric bass, drum machines or electric guitars are plugged in they may damage the speakers.

Switch on mains switch at the back of the amp next to where it plugs in.

Make sure volume and gain knobs are low at first and adjust accordingly.

The amp has Master volume on the right panel keep this around 4/5 if possible and use the gain on the input channel.

Switch off at the back mains switch after using.

SCREEN

The screen has an electric motor to lower and raise it. The control for this is on the left hand pillar [as you look at the stage] accessed from the stage itself. However there is a remote control that should be in a container attached to the same pillar but lower down, that is the easiest way to raise or lower the screen

Welton Village Memorial Hall [Charity 1180894] ["The Memorial Hall"] Information for all Users

KITCHEN

The Kitchen is usually locked unless you have booked this facility. It must not be used without prior booking and payment.

At the end of the hire can you please make sure that all equipment that has been used is turned off (and the glass washer is drained). Please also wash any tablecloths, tea cloths etc and return to the Hall as soon as possible. Thank you

Hot Water

To obtain hot water for washing up etc turn the thermostat up on the water heater under the sink. Please note that there is a separate sink for washing hands etc.

Tea/Coffee making

For small numbers use the kettle, or for larger numbers the hot water urn can be used - this needs filling with water and turning on approx 15mins before use.

Refrigerators

Back wall on the left - Press the on switch for approx 5 seconds.

Back wall on the right (fridge/ freezer) - Turn on at the socket (bottom right corner).

Bottle fridge near the door - Turn on at the socket behind the fridge (you may have to lift the shutter slightly to reach the socket).

Glass Washer

Please refer to the separate instruction sheet if you are using the Glass Washer - this is a fast washing facility and is only suitable for glass washing. For cutlery and crockery we recommend hand washing.

Please follow the drain down instructions when you have finished.

Ovens

We have both a microwave and a Turbo fan Oven (like a normal fan oven, but better), both are simple to use, but if needed the instructions are on the shelf above.

Table Cloths

There is a selection of table cloths in the bottom left drawer. If you use them, can we please ask that they are washed and returned to us afterwards.

Cleaning materials

Please bring your own cleaning materials

Shutter

There is a shutter into the Main Hall which is usually closed but can easily be opened by turning the key switch in the kitchen near the top right hand corner of the shutter. The same key switch will close the shutter. If the fire alarm is set off for any reason the shutter should close automatically. The mechanism will usually need resetting following this and the key switch will not work. In this case, or if it fails at all, there is a mechanism at the top right hand side that may open or close the shutter. There is a crank handle stored on top of the kitchen units that will
